II. Prevention Program/Initiative/Event and Target Audience Information

Which of the four messaging themes described in the guide have you chosen for your campaign?

- Prevention Happens Here
- Start by Connecting
- Care Enough Not to Share
- Anyone Can Make a Difference

What prevention program, initiative, or event would you like to promote with your media campaign?

Who is the target population of your media campaign? Try to be as specific as possible. Is it targeted to a community, school district, parents of students ages 10-14, etc? (50 words or less)

What is the date or timeline of the program/initiative/event that your campaign will promote? Remember, it must take place after 29 September 2023.

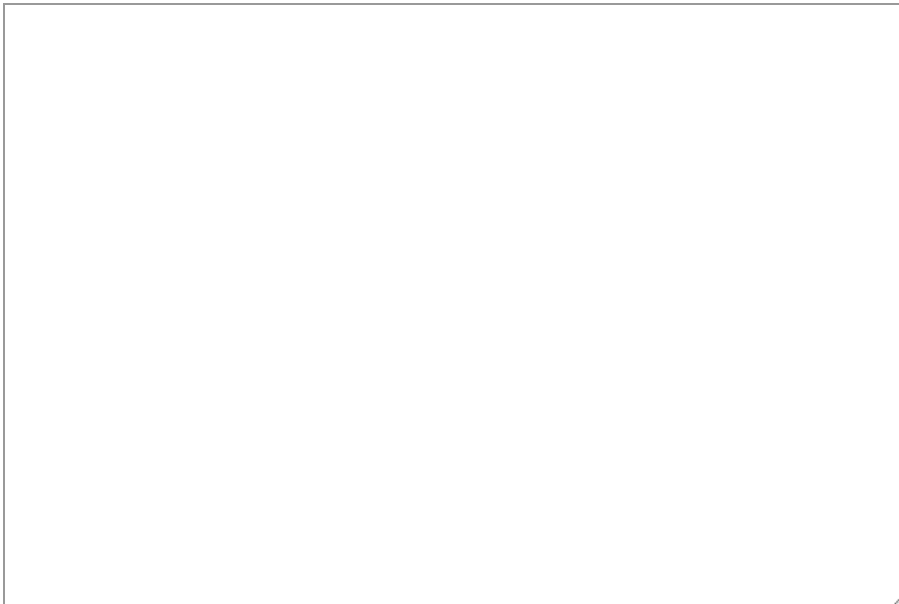

III. Assessment

Understanding the substance misuse and mental health issues in the community by gathering and analyzing information.

In this section, you will provide details about the substance and/or mental health issues you identified for this program, initiative, or event. (250 words or less)

Please address the following bullet points while answering the question:

- Provide information on the substance misuse and mental health needs that you identified for this program, initiative, or event.
- Highlight any risk, protective, or contributing factors associated with the problem or issue the media campaign intends to focus on.
- What data do you have to support your reasons for wanting to implement this campaign?
- Additionally, explain how the media campaign can help you address these identified needs and/or the risk and protective factors.
- What do you know about your target audience? Have you previously engaged with the target population? How have you gathered information about what your audience knows/doesn't know, what they value, what they perceive as barriers, etc.?

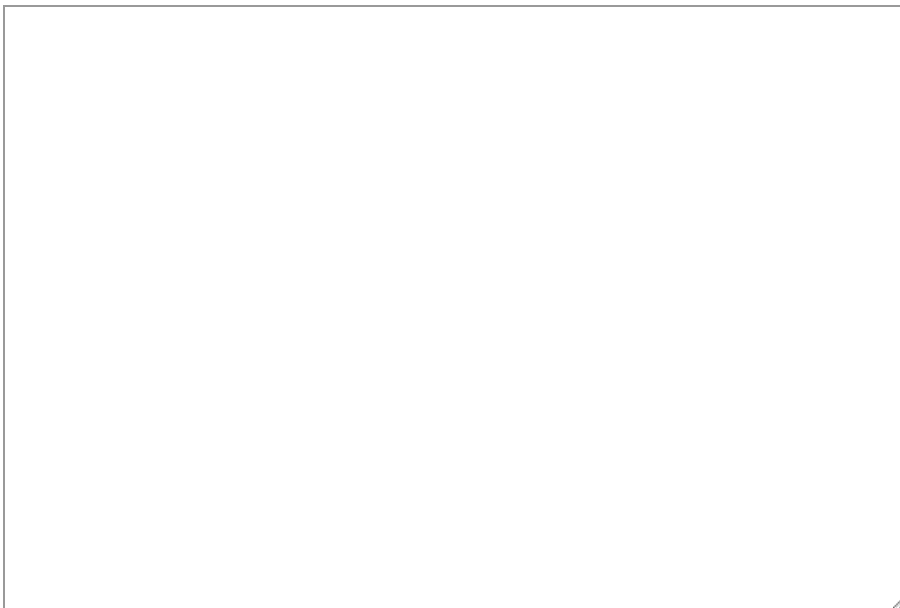

IV. Capacity

Developing the necessary infrastructure and resources to implement effective prevention strategies.

Describe your organization or coalition's capacity and resources that will enable you to assist in planning and implementing the media campaign. Include information about partnerships. (250 words or less)

Please address the following bullet points while answering the question.

- What resources, partnerships, and/or collaborations have you established or plan to establish to support your media campaign?
- Describe any training or technical assistance you think you may need to strengthen your prevention efforts (For example, evaluation planning assistance, social media policy development, equity messaging, etc.)

VI. Implementation

Put the prevention strategies into action, utilizing evidence-based approaches.

After BOOM Creative implements your media plan, please tell us how you can supplement it.
(250 words or less)

Please address the following bullet points while answering the question.

- How can you supplement and/or support the implementation of the media campaign? For example, ask participating organizations to share posts on social media, promote prescription drug boxes at all events and meetings, etc.
- What challenges do you anticipate during the implementation phase, and how will you address them?

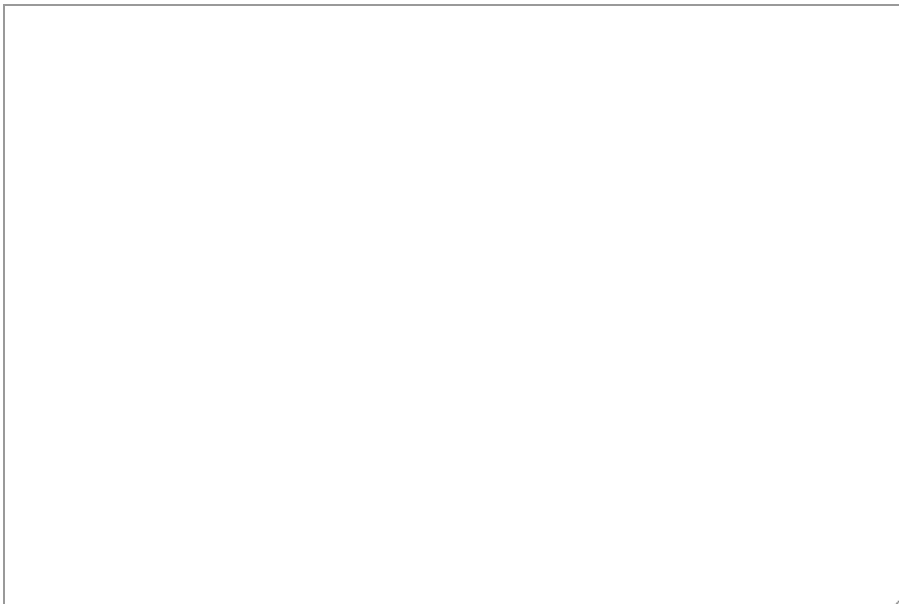

VII. Evaluation

Assessing the outcomes and impact of the media campaign by collecting data.

Outline your evaluation plan for assessing the effectiveness of your prevention efforts. (250 words or less)

Please address the following bullet points while answering the question:

- What data will you collect to determine the reach of your campaign (the number of people who will see your media)? Please provide your preliminary data collection strategies for both physical and digital media products (For example, the number of impressions for paid media, the number of locations where posters are disseminated, etc.).
- How will you know if your campaign has accomplished its goal? What preliminary metrics will you collect to determine what the outcomes of your campaign are (i.e. pounds of medication collected at Takeback Day, number of registrations for parenting program, number of attendees at an event, etc.)?
- What tools do you plan to use to help collect data on this campaign? Have you ever used Google Analytics, Facebook Insights, or PA WITS? If yes, will you have access to them for this campaign?
- How can the PaStop/PaStart evaluator support your collection efforts?
